The learning process that is designed for this subject is based on the following:

Once you have chosen the position of performance, the student must fulfill effectively the task assigned (under supervision of a tutor in the center) and present and discuss with the tutor at the University a portfolio of cases that occurred during practice (approximately 3 cases per working week).

26824 - Internships

A case should consist of a detailed introduction to indicate what the situation was that he faced, a section which describes the case that has been resolved (not needed to have been solved by the student) and finally a critical analysis of the case and other possible solutions.

5.2.Learning tasks

5.3.Syllabus

The program that the student is offered to help you achieve the expected results includes the following activities

- 1: Supervised in professional practices as optometrist.
- 2: Analysis and discussion of their experiences by a tutor at the University.
- 3: Common presentations of cases of interest.

5.4.Course planning and calendar

Schedule sessions and presentation of works

Students must attend all of their practical activities and sessions (Tutor / public).

5.5.Bibliography and recommended resources
